

Good Faith Estimate

You have the right to receive a “Good Faith Estimate” explaining how much your care will cost. Under the law, health care providers need to give patients who do not have insurance, or who are not using insurance, an estimate of the bill for medical items and services.

- You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency items or services. This includes related costs like custom devices, fittings, adjustments, and supplies.
- Make sure your provider gives you a Good Faith Estimate in writing at least 1 business day before your appointment or item. You can also ask for a Good Faith Estimate before you schedule an item or service.
- If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill.
- Make sure to save a copy or picture of your Good Faith Estimate.

For questions or more information about your right to a Good Faith Estimate, visit www.cms.gov/nosurprises.
